

P5-7 Snow Day activities:

Use your snow day jotter to write, draw and stick in anything you do on a snow day! ( or a day the school is closed for other reasons- eg flooding.)

Practise your spelling words using the activities at the front of your homework jotter OR have a go at writing them in the snow.

Watch, listen or read a weather forecast. What is the weather going to be like tomorrow for where you live? Can you write the temperature? Write it down in your snow book. Draw a picture of the weather.

Look for some animal tracks in the snow. Have a go at drawing them. Which animal do you think they are from?

Look out your window and draw what you see.

If you have internet on a computer, try some of the activities on these websites.
